That I entered the service of the United States under the following officers and served as herein stated. I first served six months I think in the year 1780, but it may be in the year 1781 at Fort Edward on the Hudson River in the State of New York & part of the time at Palmer Town a place so called there about 18 or 20 miles west of Fort Edward under the command of Capt. John Harris & my Major's name was John McKinster & while there was employed in building a block house after my time was out I rec'd my discharge & went home this was the first of winter the next spring I entered the service again as a substitute for a man who was drafted for nine months his name I do not recollect I being under age my father made the bargain for me and sent me off I served the first part of my time at Fort Edward & Palmer Town under the same officers (to wit) Capt Harris & Major McKinster I was then placed under the command of Capt. Isaac Bogot Major Hughes, & Col. Harper of Schenectady & started with about five hundred men for Fort Stanwix and the Mohawk River in the State of New York [?] in our passage conveyed a number of Batteaux loaded with provision & stores for Fort Stanwix the distance I think is upwards of one hundred miles it may be 150 miles in going we marched through Schenedtady Schoharrie passed Fort Hunter, Fort Fox to Caghnewaga [Caughnawaga] then to Fort Herkimer then to a small picket fort called Fort Schuyler & then to Fort Stanwix on our passage we had a skirmish with the Indians who were preparing to ambush us & we routed them & killed & wounded seven of them we had no other engagement with them on our passage when we arrived at Fort Stanwix it was commanded I think by Col. Gansevort [Gansevoort] whose Regt we relieved while we were there we were employed keeping guard & strengthening the Fort Setting Pickets & diging [digging] what we called honey pots which were lage [large] holes in the ground about the size of a [?] with a wooden bottom drawn full of long sharp spikes & then the top slightly [?] over. I staid there till late in the fall or beginning of winter we were there removed back to Schenectady where we staid about [blot] discharged & I went home.

The next Spring my father made a bargain for me to take another mans place whose name I do not recollect we were stationed at [blot] six months under the command of Major now Col. John McKinster my captain's name was Silas Grey after my six months was out I volunteered for three months longer under the same officers I recollect the names of some of the officers of the regular troops one who I think was a Capt by the name of King & another by the name of Shadrack after I served my time out I was discharged & went home I received written discharges at the termination of each period of my service & also a land certificate to draw land but I being under age my Father sold them I therefore have no documentary evidence by which to substantiate my claim nor do I know of any person now living whose testimony I can procure to testify to my services except esqr Moses Parr who if living is same some where I believe in the western part of the State of New York.

I herby relinquish every claim whatever to a pension or annuity except the present & declare that my name is not on the pension roll of the agency of any State or territory.

I was born in a place then called Rensselaerwick in the State of New York in the year 1760 I have no record of my age when I was first called into service I lived in a place then called Cook's Bush in the State of New York after the war I moved to New Town or Half Moon & now called Waterford in the State of New York from there I moved to a place called Caldwell's Manor in the Province of Lower Canada

from there to Alburg County of Grand Isle and State of Vermont where I now live I went into the service every time as a substitute once for a man by the name of Recompence Smith the others names I do not recollect as my Father made the several bargains for me I being under age I Rec'd my regular discharges but who signed them I do not remember as my father sold them together with my land certificate immediately [immediately] after the war.
