B.L.Wt.617-100

Gen'l Van Ness—Is requested to call at the War Office—he will there find Jacob Parrish (Hazen's Regt) power of attorney to me to draw his bounty land as a soldier last war—the warrant sometime last winter was ordered to issue at that office, but was not taken out—He will be so good as to draw the warrant from whatever office it may be issued, as I understand the Law is attend, and this shall be a voucher for so doing, and enclose it to me by mail—In this you will confer an obligation on a soldier of the Revolution who is now blind & penniless and 76 years old—although he has assigned to me the Land yet I have not paid a cent therefor, but have agreed if I obtain it to give him the warrant or Fifty Dollars cash as he pleases.
